Child Protection Failure to Protect Policy

Rationale

De La Salle College have a legal and moral responsibility to ensure the safety of children or young people in their care and to ensure that all forms of abusive behaviours towards children are prevented.

The Crimes Act 1958 (Vic) and the Crimes Amendment (Failure to Protect) Act 2014 includes an offence for failure by a person with power, authority and responsibility within an organisation to protect all children who are under the care or supervision of the organisation.

As soon as a person in authority becomes aware of a risk of child sexual abuse, he/she will be under a duty of care to remove or reduce that risk. A criminal offence applies where the person in authority:

- knows that there is substantial risk of a sexual offence being committed against a child by a person associated with the organisation; and
- negligence fails to reduce or remove that risk.

*It is imperative to prevent, reduce and minimise child abuse and exploitation in all their forms.*

Mission

De La Salle College is a Catholic College in the Lasallian tradition, enabling students in a community of faith and excellence to achieve their full potential with integrity and distinction.

“*Young people need good teachers, like visible angels*”

St John Baptist de La Salle
(MTR 5.1 Med 197.1)

Aim of the Policy

This policy informs De La Salle College staff of their responsibilities in relation to child protection and disclosure/reporting obligations. The policy acknowledges the duty of care and legal responsibilities that staff have towards children/young people in their care. It respects the dignity of children/young people and College staff and outlines their rights and responsibilities.

Policy Statement

De La Salle College is committed to providing a safe environment for all children/young people in its care and ensuring staff are aware of their obligations in removing or reducing the risk of abusive behaviours and acting to protect the child.

Guidelines

1. The dignity of each person, made in the image of God, is a fundamental teaching of the Catholic Church and therefore of De La Salle College;
2. A safe environment is required to protect children/young people from harm and to prevent staff from abusing their position of authority and trust;
3. Staff need to be informed of matters relating to child sexual abuse and be fully self-aware of their professional obligations and responsibilities;
4. Staff commit to upholding the staff code of conduct
5. All children/young people have the right to a thorough and systematic education in personal safety, including safety in relationships;
6. Abuse of children by persons in positions of trust or authority is a serious matter. All allegations must receive a response and be dealt with promptly as outlined in the Child Protection Policy;
7. After a disclosure, any ongoing harm to the child/young person and the employee is minimised by:
   - maintaining active supervision
   - adherence to agreed procedures;
   - provision of appropriate social and emotional support and pastoral care;
   - appropriate confidentiality.
8. The child/young person’s ongoing safety and wellbeing should be the primary focus of decision making;
9. Failing to reduce the risk of sexual abuse against a child/young person is a serious offence.

Definitions

For the purposes of this policy, the following definitions apply:

1. **Child and Young Person**: De La Salle College defines a child/young person as anyone who comes under or may come under the care, supervision or authority of the school.
2. **Confidential**: Being entrusted with private and restricted information that must be treated as such, both in written and verbal form.
3. **Duty of Care**: Staff or volunteers working in Catholic schools have a duty of care to support and protect the children and young people with whom they are professionally involved.

When staff members form a reasonable belief that a child or young person has been harmed or is at risk of harm, they are ethically bound to take action to protect the safety and wellbeing of that child or young person. For some staff members this obligation is legally mandated (cf DEECD and DHS 2010).

**Duty of care is breached if a person**
- does something that a reasonable person in that person’s position would not do in a particular situation;
- fails to do something that a reasonable person in that person’s position would do in the circumstances;
- acts or fails to act in a way that causes harm to someone to whom the person owes a duty of care;
- fails to report when mandated.

4. **Mandatory Reporter / Mandated Staff Member**: Under section 182(1) of the Child, Youth and Families Act (2005) the following persons are mandatory reporters for the purposes of this Act --

1. a registered medical practitioner;
2. a nurse / or midwife;
3. a person who is registered as a teacher or an early childhood teacher under the Education and Training Reform Act 2006 or has been granted permission to teach under that Act;
4. the principal of a Government school or a non-Government school within the meaning of the Education and Training Reform Act 2006;
5. a police officer;
6. on and from the relevant date, the proprietor of, or a person with a post-secondary qualification in the care, education or mind of children who is employed by, a children’s service to which the Children’s Services Act 1996 applies or a person who is a nominee within the meaning of that Act for the children’s service;
   - on and from the relevant date, the approved provider or nominated supervisor of, or a person with a post-secondary qualification in the care, education or mind of children who is employed or engaged by an education and care service within the meaning of the Education and Care Services National Law (Victoria);
7. on and from the relevant date, a person with a post-secondary qualification in youth, social or welfare work who works in the health, education or community or welfare services field and who is not referred to in paragraph (8);
8. on and from the relevant date, a person employed under Part 3 of the Public Administration Act 2004 to perform the duties of a youth and child welfare worker;
9. on and from the relevant date, a registered psychologist;
10. on and from the relevant date, a youth justice officer;
11. on and from the relevant date, a youth parole officer;
12. on and from the relevant date, a member of a prescribed class of persons.

5. **Reasonable belief**: A ‘reasonable belief’ is not the same as having proof. A ‘reasonable belief’ is formed if a reasonable person in the same position would have formed the belief on the same grounds. For example, a ‘reasonable belief’ might be formed when:
   - a child states that they have been sexually abused;
   - a child states that they know someone who has been sexually abused (sometimes the child may be talking about themselves);
   - someone who knows a child states that the child has been sexually abused;
   - professional observations of the child’s behaviour or development leads a mandated professional to form a belief that the child has been sexually abused;
   - physical signs of sexual abuse leads to a belief that the child has been sexually abused.

**Procedures**

This policy should be read in conjunction with the College’s Pastoral Care and Child Protection Policies. The successful implementation of this policy will include the following:

- Regularly communicating this policy to staff and the wider community;
- Educating children in personal safety and sexual abuse;
- Educating school staff to identify possible sexual abuse;
- Taking action that is timely, respectful and coordinated when a staff member forms a belief that a child/young person is at risk of being harmed through sexual abuse, or has been harmed. The matter must be reported to Victoria Police. The matter must also be reported to the Principal unless the matter relates to the Principal, then report the matter to a member of the Executive Team. Victoria Police has primary responsibility for conducting investigations into the alleged matter;
- If a mandated staff member, reporting to DHS Ensuring the child/young person and the child’s/young person’s family have access to appropriate services in order to reduce any long-term effects of the sexual abuse;
- Documenting all allegations and retaining records in a secure area, ensuring their confidentiality;
- It is the Principal’s responsibility to report the matter to the College Board, the De La Salle Professional Standards Officer and Catholic Education Melbourne if the matter relates to a staff member or a Brother.

**Expected Outcomes**

1. De La Salle College staff are informed of the Failure to Protect amendment and are expected to be self-aware of their professional obligations and responsibilities;
2. A thorough and systematic education in personal safety, including safety in relationships, will be provided for all children/young people;
3. Approved professional learning in providing education in personal safety will be provided to all staff;
4. All allegations of abuse of children will receive a prompt response and be clearly documented.
